Idriss Kone Frontend Developer

idriss.kone@icloud.com • 514-431-1062 • Montreal, QC • Portfolio • Linkedin • Github • Twitter

Front-End Developer with 4 years of experience building scalable web solutions using Typescript and other modern web technologies. Focused on clean code, maintainability, and delivering seamless web experiences. ***Visit*** *my blog for an overview of my developer jounrney.*

PROFESSIONAL EXPERIENCE

Web Developer, *Sheertex* Sep 2023 – Feb 2025 | Montreal, Canada

- **Built** a user accounts feature using Typescript and the Shopify Customer API, improving customer account management.
- **Managed** an external web developer by providing task briefings and code reviews, reducing project turnaround time by 40%.
- **Created** a store locator feature using Typescript that integrated web-scraped inventory data with mapping services, increasing physical store visits by 30%.
- **Collaborated** to migrate from a React codebase to a Remix Run codebase, implementing server-side rendering and reducing initial page load times by 40%.
- **Implemented** a wishlist functionality using TypeScript and REST APIs, integrating automated email notifications and increasing customer return rates by 25%.

Junior Web Developer, *Sheertex* Feb 2022 – Sep 2023 | Montreal, Canada

- **Maintained** React websites by implementing performance optimizations, ensuring faster page speeds and consistent uptime.
- **Built** a Quick Add feature using React and Shopify's Storefront API, increasing monthly revenue by 10% through a streamlined checkout.
- **Optimized** website conversion funnel through A/B testing and user behavior analysis, driving a 15% increase in conversion rates.
- **Led** regular code reviews and provided constructive feedback, reducing reported bugs through improved code quality standards.

Junior Web Developer, *Manhattan International Inc* Jan 2021 – Feb 2022 | Montreal, Canada

- **Developed** interactive website features using HTML, CSS and JavaScript, reducing bounce rates through improved user engagement.
- **Created** a cart "Upsell" feature increasing monthly revenue by 15% through higher order values.
- **Implemented** third-party payment and shipping integrations, reducing cart abandonment rates by streamlining the checkout process.
